

CLEAN YOUR HANDS WITH AN ALCOHOL BASED GEL

Place a sufficient amount of product in the palm of hands, cover all surfaces.

Rub both palms together.

Rub the right hand palm against the back of the left hand, interlocking fingers. Repeat this process with the left hand palm, rubbing against the back of the right hand

Rub palms together, interlocking fingers

Rub the back of the fingers of one hand with the palm of the opposite hand,

Rub the left thumb in a rotational motion, grasping it with the palm of the right hand. Repeat with opposite hand

Rub the tips of fingers of the right hand against the palm of the left hand, creating a rotational movement. Repeat with the opposite hand.

Once dry, hands are sanitized
